today!**

News of Note:

Today Tou Yang, a medical student from the University of Minnesota came to us with a presentation supported by the American Cancer Society called Tar Wars. The program's intent is to get students thinking and talking about the dangers and realities of tobacco use. Please ask your student about what we did today.

Math:

4th graders did a fantastic job learning and retaining the information in unit #4. Monday we take the pretest of unit #5. This unit deals with double-digit multiplication, estimation, rounding and exponential representation.

5th graders are working on unit #4: division.

Social Studies:

5th graders will be wrapping up their research paper on a person from the Revolutionary War.

Science:

5th graders are just starting their unit on levers and pulleys.

Reading:

Reader's theatre was a great success. Every group, every student did a great job. The plays therefore were very fun to watch.
