This Week's News

This week we learned about presidents George Washington and Abraham Lincoln. We also focused on quarters and their value. It was fun to compare different quarters to see what the backs looked like.

Next week we will be learning about Dr. Seuss. We will have a fun activity to do each day. Please look on the back of this sheet to find a description of what will happen each day. Please contact me if you are interested in donating an ingredient for green eggs and ham. Thank you!

Notes and Reminders

For next week's book club you can bring in an item to share that has a special meaning for your child. Please look in the school wide newsletter for details.

Upcoming Events
